Barker's Island Marina has a clubhouse for our use, bathrooms and showers (nice). Here's a chance to sail the big lake without the long drive. Around the marina is a very large protected area to sail if the weather is too rough! Plus, the Duluth-Superior area has a lot to offer if a little off-water time is desired! The *S.S. Meteor* Whaleback Ship museum is right next door!

Friday or Saturday night lodging can be reserved at Barker's Island Inn – this should be done ASAP as this is a popular place. Rooms are generally \$100-\$150 per night and can be shared by 4 people.
